MESSAGES FROM UNITI BOARD CHAIRS

Bea Hadikin
Chair of SHS

“The beauty of the world lies in the diversity of its people.” (Audre Lorde)
It makes life fuller, richer, more engaging, and healthy for everyone. Moreover, for people with disabilities, full inclusion in a world that embraces diversity, offers the power of possibility - education, recreation, employment, housing, travel, social connection, leadership, and more. UNITI partner Semiahmoo House Society exists to support people with disabilities to live their best lives. Although there have been some shifts in society and in the attitudes around accessibility and inclusion, there is still much work to be done. Advocacy and outreach remain important roles for our organization. I am proud to report that, this past year, UNITI has been honoured for its work in the greater community. In November 2023, we were awarded “Non-Profit of the Year” at the Surrey Board of Trade Annual Awards Dinner and, as well, named “Non-Profit Housing Provider of the Year” by BC Housing. Also, in November, an external accreditation team from the Council on Accreditation on its four year cycle of review, conducted a site visit to examine self-study documents, observe programs and infrastructure, and interview staff, Board members, and people we support. Among many positive comments, the Team leader, Dale, summarized that, “...in the 23 years that I have been reviewing community living organizations, you are the best organization I have ever seen.” Kudos to our dedicated staff, inspired leadership, and compelling vision! Further to the theme of changing the paradigm of disability, I commend the awe-inspiring leadership demonstrated by the Self Advocates of Semiahmoo (SAS). They are community leaders influencing change, sharing experience and expertise, and breaking down barriers.

Marie Sabine
Chair of TSF

In the past year, UNITI partners worked together, The Semiahmoo Foundation in partnership with Semiahmoo House Society and Peninsula Estates Housing Society, to provide programs and services for people with developmental disabilities. These include housing, community inclusion, employment supports, acquired brain injury services, as well as mental health supports and recreation and leisure opportunities. We also engaged with our community by hosting a picnic at Bakerview Park and our annual ‘Food For Thought’ dinner. Preparations for the construction of Harmony Apartments has been ‘top of mind’ for UNITI. Harmony includes 91 homes for essential workers, seniors, families, people with disabilities, as well as others being priced out of housing in South Surrey. It will truly be an inclusive community. Some of our programs would not be available if not for donations from you, our supporters. Thank you for helping to create a community where everyone belongs!

Ian Jarvis
Chair of PEHS

At the time of writing this report for UNITI, through Peninsula Estate Housing Society, we have received all the approvals required and entered into agreements with BC Housing and the City of Surrey to start construction of the Harmony Apartments project. Getting to this milestone has not been easy. Tireless work by our management team, community leaders, partners, and our Board has taken us here and I am grateful for their efforts. It is an honour and a pleasure to serve the community and support UNITI in creating an inclusive community. I am looking forward to next year and I am fortunate to work with a great management team and Board.

ANNUAL MESSAGE FROM UNITI CEO

Doug Tennant

Chief Executive Officer

“I’m proud that **UNITI focuses on leadership** as a way for people with disabilities to not only have more control over their own lives but to have more say in building a healthy and inclusive community for the betterment of everyone. ”

UNITI believes that people with developmental disabilities should be leaders in their lives and in the community. In fact, this concept is enshrined in our Ends—one of the reasons UNITI exists is to ensure that people with disabilities have the opportunity and support to be leaders. I believe this focus makes lives better and disrupts the traditional paradigm of disability, where the role of a disabled person, first-and-foremost, is to receive help.

In 2023, this leadership was evident in the role played by Self-Advocates in consulting with our community and giving me and the UNITI Board recommendations that became part of our strategic plan. People supported by UNITI also showed they are community leaders by being selected to accessibility committees across the province, including the White Rock accessibility committee, where their input will become part of city plans. The Self-Advocates of Semiahmoo raised funds for an accessible playground at Ocean Cliff Elementary, mentored other self-advocates across the province, and spoke at schools and universities about the importance of leadership.

People also led their own lives by choosing employment and career opportunities with the support of UNITI’s WISE Employment Solutions, by living in their own homes with support from Inclusive Living staff members, and by choosing, and sometimes leading, their own classes with support from Community Services staff members. I’m proud that UNITI focuses on leadership as a way for people with disabilities to not only have more control over their own lives but to have more say in building a healthy and inclusive community for the betterment of everyone.

Surrey Fire Fighters

Thank
you!

Surrey Fire Fighters Association

We are proud and honoured to serve you

Surrey Fire Fighters Association made a significant contribution of \$100,000 towards Harmony Apartments, UNITI's affordable and inclusive housing development.

UNITI CEO Doug Tennant expressed his gratitude for the firefighters' early pledge of support ahead of UNITI's upcoming public fundraising campaign. The donation plays a crucial role in enabling people with developmental disabilities to maintain their residencies in their communities at affordable rental rates of \$500 or less per month.

Vice-President Dylan Van Rooyen of the fire fighter's society echoed this sentiment, stating in a press release that firefighters are pleased to contribute to this vital project, addressing pressing housing issues within the community and the nation at large. He emphasized the firefighters' particular interest in the aspect of the project dedicated to aiding people with developmental disabilities.

HARMONY APARTMENTS

DEVELOPING A BETTER FUTURE FOR SOUTH SURREY

From a history of unjust institutionalization to current day lack of appropriate housing, people with developmental disabilities have not had the same opportunities as others to find a safe and affordable home. UNITI believes in the rights of all people to have a home they can call their own in their community. Harmony apartments broke ground in June of 2024, and should be ready for the first tenants to move in towards the end of 2026.

UNITI exists to achieve the following:

- Ensuring people with developmental disabilities have the same housing options as other British Columbians.
- Building quality housing that reflects and enhances the community.

UNITI AWARDS & RECOGNITION

BC's 2023 Housing Provider of the Year

2023 Surrey Not-for-Profit Organization of the Year

Accredited

ENGAGE. EMPOWER. EVOLVE.

ANNUAL FOOD FOR THOUGHT

On June 28, 2023, UNITI hosted the 7th Annual Food for Thought Dinner. During this event, UNITI consults with a specific sector of the community about inclusion. This year, the board of directors invited experts from the housing sector, including developers, city staff, and affordable housing advocates to share what they feel makes a healthy and inclusive community and how UNITI can support this. The community's contribution and commitment to ensure UNITI is achieving the best possible outcomes for people we support and the greater community is incredibly appreciated.

**Together
We're Stronger**

“Great people at the table, lots of ideas thrown forward.”

“The group of people were wonderful with good conversation at our table”

“Best food that I have ever had at a Food for Thought event; it was amazing.”

A heartfelt thank you goes out to the UNITI WISE Employment Services team for their support during the event as well as Maharaja Catering for their exceptional culinary creations.

Music Heals

UNITI's Music Therapy and Musical Theatre programs are offered at a variety of sites and are adapted to the needs of the people we support. These programs and classes benefit hundreds of people. Activities include learning songs, group work, and creating original songs and skits. Funding support from Music Heals and our community has been essential in keeping the arts alive at UNITI.

UNITI would like to give a big thank you to Music Heals for their support with more than \$113,000.00 over the past 9 years.

**MUSIC
HEALS**

"The music classes connect people and bring them joy during a difficult time with restrictions on gathering."

Inclusive Living at UNITI

UNITI has supported people to live in the community for decades. When institutions were closing in the 1980s, UNITI developed group homes, now called staffed homes, where people live with 24-hour support from staff members. We currently support people in five staffed homes in Surrey. People living in staffed homes connect with the community by hosting picnics, going on road trips, and being supported to do things that they are interested in doing.

UNITI also supports people to live in Home Share options. Home Share varies to fit the person being supported - be it in a suite with light support or as part of the family with more thorough support. Matching the person with the home share provider is what makes this option successful. UNITI supports 90 people who have chosen this option and we appreciate the great home share contractors who make this housing option a reality.

Finally, UNITI supports people to live in their own rental apartments. We currently support 21 tenants with developmental disabilities living in affordable and inclusive Chorus Apartments, which is owned and managed by UNITI partner Peninsula Estates Housing Society. This model of outreach support is "light touch" with tenants getting the support they need in a non-custodial manner.

Chorus was selected as one of the top-3 Inclusive Housing Models by Inclusion Canada in 2019, and we are looking forward to welcoming more tenants to Harmony Apartments when it is completed in 2026.

ANNUAL PICNIC

UNITI's Summer Annual Picnic is a testament to the power of community and inclusion.

Held at Bakerview Park on a sunny summer day, the picnic celebrated inclusion and brought our UNITI Community together.

Once again, we were grateful to have the enthusiastic support of the Alex House volunteers from Youth Space, who gave their time and energy to make the day fun for all.

Thank you for organizing such a great picnic that so many people enjoyed and reconnected with each other.

A talented DJ kept the energy high throughout the day, spinning an eclectic mix of tunes!

UNITI's Annual Picnic was a resounding success, bringing together our community for a day filled with laughter, games, and unforgettable moments.

We hope to see you at the picnic in years to come!

What are some recommendations for UNITI?

Continue supporting people to build relationships and connections in their communities so they feel safer.

Provide support and education about emotional safety. Including building self confidence and self esteem.

Provide education to learn about community safety and safety at home, including a self-defense workshop.

Increase education about being safe online for people UNITI supports and for UNITI employees. If staff are educated on how to be safe online they can teach people they support.

Increase access to mental health resources that are accessible to everyone. This could be through booklets, brochures, audiobooks, videos, podcasts.

Continue to regularly check in with people regarding physical, emotional and financial well-being.

Everyone needs to know about the UNITI Complaints Process. Put the Complaints Process in plain language and ensure it is reviewed with and given to everyone UNITI supports.

Provide education about mental health and well-being, including learning about physical health, mental health, nutrition, staying active, going to health appointments, etc.

Create plain language resources on Rights and share throughout the organization and communities. Refer to the UN Convention of Rights for Person' with Disabilities. Have Rights posted throughout UNITI buildings which are visible and in public places.
